**SUPER HIGH GLOSS ENAMEL AND
ANTI-RUST PRIMER IN ONE FOR ALL METAL SURFACES**
Suitable for galvanized steel, zinc, metal sheet, and other steels

1GL 1/4 GL 5 GL

Features

BegerShield GripTech 2 IN 1 is formulated with a special acrylic resin and designed to serve as an all-in-one high gloss enamel and anti-rust primer. This product provides benefits on a high solid content, excellent hiding and adhesion power, greater area coverage, rust protection, weathering resistance, and smooth film. Due to its fast-drying film, it allows for quicker work finish and saves both time and money. It is also suitable for exterior and interior.

Surface Preparation

Metal Surfaces/ Galvanized Steel/ Black Steel/ Fiber Cement/ PVC Pipe

Old Metal Surfaces:

Remove the deteriorated film and clean all dust, rust, grease, and dirt on the surface.

New Metal Surfaces:

Clean all dust, rust, grease, and dirt on the surface with **Beger Thinner M-77**.

Stainless Steel and Aluminum:

To better adhesion of paint film, gently sand the surface with fine grit paper sand and clean it before the next step.

Application

It is suitable for various surfaces, both exterior and interior & near and far from the seaside, such as metal, steel, glossy steel, galvanized steel, steel tube, zinc, stainless steel, aluminum, alloy steel, brass, copper, steel structures, loft-style decoration, or industrial-style decoration.

Wooden Surfaces

- For painted wood with peeling or old wood without painting, sand with sandpaper till the wood surface.
- For new wood, sand off the splinter and clean dust, grease, stain, and oil on the wood surface.
- To prevent fungi, termites, moths, and wood-boring insects, apply Beger Drite (transparent film, water-based or solvent-based) for 1 coat. Applying the product to all six sides of the wood is recommended for superior protection.
- For wood with gum, clean it using **Beger Thinner M-77** and apply **Beger Wood Sealer B-2000** to block the gum.

Top Coating

- Apply **BegerShield GRIPTECH 2IN1** for 1-2 coats.

Top Coating

- Apply **BegerShield GRIPTECH 2IN1** for 1-2 coats.

Specification

Finishing	Application	Dilution (by volume)	Coverage (sq. m/gallon/coat)	Drying Time
