When Nature Meets Luxury Underfoot

# ABOUT US

"At Timberluxe, our commitment is simple yet profound: to seamlessly blend the wonders of nature with the indulgence of luxury, right under your feet. With a dedication to creating engineered hardwood flooring that resonates with both elegance and sustainability, we've redefined the artistry of bringing nature indoors. Our brand essence encapsulates the harmony found in nature's raw beauty and the opulence of high-end flooring. 'When Nature Meets Luxury Underfoot' isn't just a slogan—it's the essence of our craftsmanship and ethos.

KNIGHT COLOR  
OAK FLOORING

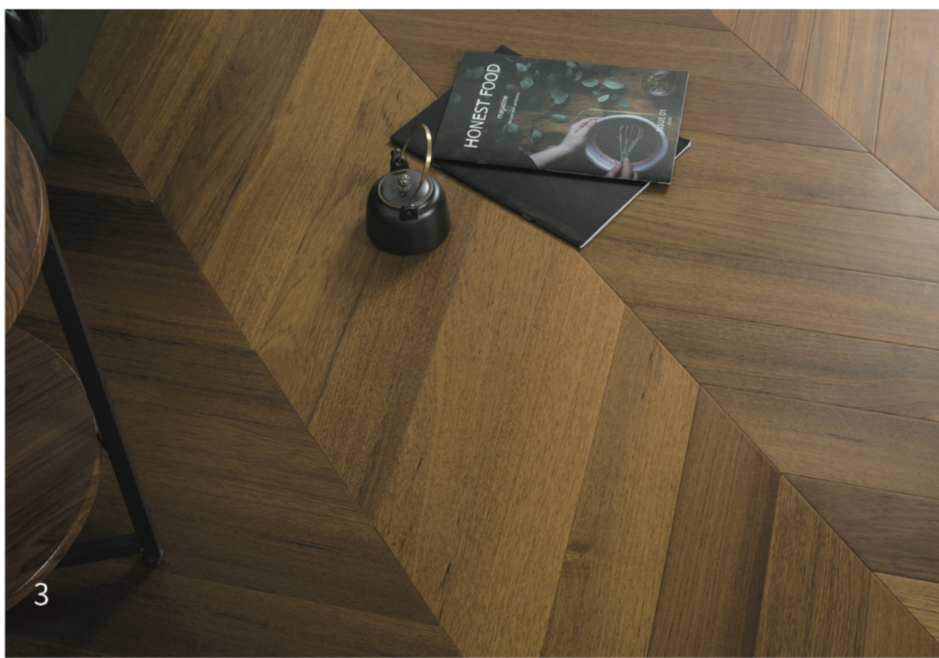

## Welcome to our collection of Herringbone & Chevron hardwood floors.

Parquet floors are made from precision milled hardwood with engineered bases that allow them to be installed more easily than traditional solid blocks making them perfect for modern living.

A chevron pattern has pieces of wood set at a 45-60 degree angle, herringbone planks are rectangled flooring boards.

## Burmese Teak Premium Herringbone Flooring

## Premuim Collection

Crafted with a meticulous eye for detail, each plank embodies the essence of natural wood, delivering not just flooring but an experience. We meticulously source the finest timber, integrating it with innovative engineering to produce flooring that's not only visually stunning but also durable and reliable.

This French pattern is found in prominent palaces throughout Europe, built from American White oak and accented with African Wenge, to represent a classic peg, mortis and tenon construction.
